Many people I have spoken to are continuing to experience enormous transformation through all aspects of their emotional, mental and physical lives as our planet continues to shift energy pre 2012. The race is on to get to our 'heart chakras', and when we do the more quickly we can learn to become the observer of ourselves, the easier it will become to 'live in the now'.

I have just returned from Sydney having heard the best international program with the HAY HOUSE speakers, Wayne Dyer, Caroline Myss, Greg Bradon etc. The urgency of all speakers was reflected in their common mantra, "...we have eighteen months to

get to the heart centre". The intensive two days was summed up by **Wayne Dyer**. "...take responsibility for your incarnation as we are living in the age of energy...". The speakers truth showed me the power of my book 'The Immortal Woman'. Get this book and have it with you. Read one passage daily or just have it in your presence. We are in a rare precious pivotal moment to be alive.

With **Egypt FULLY BOOKED** for Nov 2010 we are now taking Bookings for our **2011 Tours**,
• Bali March • Japan May • Egypt Nov •

In the meantime we are bringing Egypt to you and are proud to present you with International guest **Patrick Scott Zeigler**, founder of Seichim Sekhem Reiki for a 4 Day 'ALL LOVE' Tour from Sept 23rd - 26th.

Please Join us for our Annual Egyptian Farewell Dinner, 25th Sept, for students and friends of Atlantis Rising with Patrick Zeigler.

I have just celebrated my 18th birthday for 18 years of Retail in Coolangatta. Thank-you all who attended this joy filled evening.

We have turned the corner now as we spring into spring for more rejuvenation and replenishment in our lives.

> Students of the Blue Fire @ the Top of Mt. Warning.

The Dreamtime of Australia's East

Northern Rivers of NSW Headland

By Carmel Glenane

Holidays with a Difference... Published in 'InnerSelf Magazine' this month!

Australians love traveling overseas for many different reasons. However sometimes we just need to escape to a part of the world in our own country without the extra commitment it physically requires to travel internationally.

As the dreamtime spirits of our Sacred Heart awaken, it is to the Eastern point of our coastline they turn, the mystical secret headland, Fingal Head into a beacon of light. This sleepy coastal village evokes images of the 'Sea Priestess' and Mermaids. Dolphins and Whales hug its deep waters off shore, evoking the Lemurian energies since the beginning of time.

Captain Cook named Fingal Head, Point Danger in 1770, due to its dangerous Coral Reefs. Fingal lighthouse is known as the 'Keepers Lighthouse', it's light house flashes every Five seconds, Five being the number of the Mysteries, it is a symbolic guardian of the spirits of the land. With spectacular whale watching cruises and a strong indigenous local culture Fingal Headland is a iconic destination in the heart of the Eastern Australian 'lay lines'.

Fingal's strikingly powerful 'Dream-time Beach' in the beauty of the night sky under a Full Moon can reveal the silvery form of the Goddess Isis through the sea mists. As night transforms today the first rays of the dawn light bring through The Great God 'Ra' - Lord of Light, the life giving source from the sun. Ancient Egyptians considered the early morning 'Opening of the Heart Sun Salutation' rituals to be the most potent time of the day to manifest their clear intentions.

Mt. Warning, an ancient and powerful spiritual portal in the Northern Rivers Region of NSW, was carved out of a volcanic eruption 20 million years ago. The 8.8km Initiation to the summit and back evoke the spirits of 'Arakwal' and 'Bundjalong', the Indigenous custodians of Mt. Warning's spiritual lineage. This national heritage and sacred site is a mysterious energy centre, certainly to be respected for its power to cleanse and balance inharmonious energies for the initiate. The mountain is a friend to those who seek to transform and shift stuck earthbound energy.

The energies of this Mt. Warning were very recently balanced by an Alchemist Magician whose energy portals are in her homes of Bali and the Big Island Hawaii. Together she and I with a strong committed group of lightworkers from around the country, brought the feminine energy into the heart of this mountain.

As we awaken to the raw and elemental energy of Australia which reflects the Ancient Lands of Lemuria & Ancient Egypt, we can begin to align ourselves with the spiritual lineage of our land to draw upon the indigenous spirits of nature and unlock the secrets which lie awaiting for the seeker to discover the true heart of their land. Bathe in the essence and purity of this Ancient land and dive into the dreamtime spells which guide your soul home to the heart of our Mother, Australia.
